

Mid Canterbury Tennis Annual General Meeting 12 August 2019 – Coaches Report

The past tennis season started with a record number of young players attending the Open Day on 8 September 2018, and it was great to see more juniors getting involved in tennis in Mid Canterbury.

The Hot Shots in Schools programme was delivered successfully with a strengthening link between schools and clubs.

We continued with the Junior Interclub Preparation group in the 3rd term to encourage and prepare players new to junior inter club to participate - as a result our number of teams participating increased again this past season.

Junior Interclub teams increased from 17 in 2017 to 21 teams in 2018 and 24 teams in 2019.

The development of hot shots coaches also continued - 5 young coaches achieved their NZ coaching qualification. These coaches were well supported and mentored on the job to ensure they deliver good quality coaching in the Hot Shots programme
